

FORCE50 Robotic Nozzle

- Heavy duty industrial robotic nozzle
- Integ 50 firefighting robotic tip (see Integ 50)
- Stainless steel 316L pipe and worm-gears
- Industrial robotic brushless DC motors (BLDC)
- Laser-welded IP68 motor enclosure
- M12 fully sealed IP67 multi-connectors
- Position feedback accuracy better than 1/100°
- Up to 38°/sec rotation speed
- Over 360° Horizontal Movement (set any range by software)
- Over 180° Vertical Movement (set any range by software)
- 50 mm internal pipe diameter
- Virtually maintenance-free
- Light weight: ≈ 13 Kg (27 lbs.)
- Max Flow: 2000 lpm @ 10 bars (530 US gallons @ 145 psi; 120 m3/hr)
- Max Reach: 65 meters
- Connection by 2" male BSP or flange (ANSI, DIN, JIS)

Part Number(s):
FORCE50BLDC

Price each (SEK)
40,000
